Media release

19 March 2012

Rössing Uranium Limited sells Extract shares

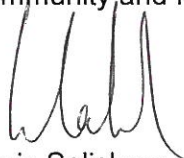

Rössing has accepted an offer from Taurus Mineral Limited (a company formed at the direction of CGNPC Uranium Resources Co., Ltd and the China-Africa Development Fund) for its shares in Extract Resources Limited.

Rio Tinto Rössing holds an interest of 35,705,693 shares (approximately 14.22 per cent) in Extract.

As a shareholder in Extract, the Rössing Board has accepted the recommendation of the independent Directors of the Extract board to accept the CGNPC offer.

Rössing remains interested in pursuing a joint development with the new owners of Husab.

We believe that a joint development of the Husab deposit with Rössing would bring benefits to the shareholders of both Rössing and Husab, the local community and Namibia.

Chris Salisbury
Managing Director
