

# Shaping the future

## Electricians

Vacancies exist for Electricians in the Mining Electrical services within the Maintenance department. The successful candidates will be responsible for delivering the right level of quality and effective electrical maintenance and service to customers on the right electrical equipment in good time, and at acceptable levels of cost and efficiency in compliance with the Rio Tinto Health, Safety and Environmental standards.

### Key performance areas

- Maintaining health, safety & environmental standards;
- Maintaining, repairing, adjusting and overhauling electrical equipment;
- Installation of electrical equipment;
- Breakdown repairs to electrical equipment;
- Provision of on-the-job training.

### Minimum qualifications

- Grade 12 with maths and science and E-symbol in English;
- NTC III with three subjects plus a pass in Trade Theory with Trade diploma/certificate (Electrical);
- Level III Electrical with Trade diploma/certificate;
- Four years' post apprenticeship experience;
- A valid code BE (08) driver's licence.

### To apply

Please submit your curriculum vitae and certified copies of qualifications with a cover letter clearly indicating the position you are applying for to e-mail:
