

# Shaping the future

## **Operator: Processing (FTC)**

As pioneers in mining and metals, we produce materials essential to human progress. Our talented workforce uses industry-leading mining processes and technology to ensure our operations are safe, low cost and efficient. We have an opportunity available:

A vacancy exists for an operator on a 12 month fixed term contract (FTC) in the Processing department. The incumbent will be responsible to safely operate the plant and equipment for the smooth control of parameters in fine crushing, rod mills, MnO<sub>2</sub>, leaching, tailings, paddy X, CCD, CIX, SX and ammonia yard, final product recovery and drum filling by ensuring maximum production targets with minimal delays.

### **Key performance areas**

- Maintaining health, safety and environmental standards;
- Accurate and clear communication with foremen, CPC, maintainers and colleagues;
- Adhering to safe work and emergency procedures;
- Maintaining acceptable housekeeping standards in the plant;
- Operating the plant, equipment and processes safely under various operating conditions.

### **Minimum qualifications**

- Grade 12 certificate;
- Two years' experience in a mining, plant or equipment operation;
- Valid code BE (08) driver's licence.

### **To apply**

Please submit your curriculum vitae and certified copies of qualifications with a cover letter clearly indicating the position you are applying for to e-mail:
