Summary of Experience and Capability

Werner is a director of SLR Environmental Consulting (Namibia) (Pty Ltd and the Environmental Assessment Practitioner/Team Manager in Namibia. With SLR he is responsible for conducting environmental impact assessments, environmental management systems, stakeholder engagement, mine closure planning, environmental training and auditing. He is also responsible for managing the Environmental Assessment Team and associated activities.

Before joining SLR, Werner was employed by Langer Heinrich Uranium (Pty) Ltd (LHU) as the Environmental Specialist responsible for the management and implementation of EIAs, development of the mine closure plan, improving the ISO 14001 EMS and various other day-to-day activities (i.e. training, stakeholder engagement, audits, etc.). He joined LHU in 2009.

Before that Werner worked on various large projects for various companies responsible for numerous environmental management related activities and has over 16 years of relevant experience.
