### **SCOPE OF WORKS:**

The contractor shall carry out operational support function for the Reagents Plants works per instructions issued under/ via the Rössing Comminution Superintendent that will be agreed upon. The contractor shall ensure adequate supervision and supply suitable qualified and experienced workforce in order to deliver a successful operations support service to Rössing.

The work would entail:

1. Making up batches of iron source and manganese in tanks at prescribed specifications and frequencies. The objective is to ensure the uninterrupted supply of iron source and manganese to the Leach Plant at the right quantity and correct quality.
2. To provide the services of sampling activities in the processing plant. Specific samples will be delivered to the laboratory for the required analyses to be performed, whereas some samples will require in field analysis to be performed and reported immediately.
3. To provide the service of a panel and rod charging crew with required skills to:
  - a. Do poly urethane screen panel inspection and replacement on numerous vibrating and static screens
  - b. Do charging of grinding rods and scalping of worn rods from four Rod mills on a daily basis
  - c. Collect ore samples once off on a prescribed schedule from various ore feed conveyors.

The contractors shall ensure adequate supervision and ensure a suitably qualified and experienced workforce in order to meet deliverables.

Rössing Mine and its environs operate under the highest safety and housekeeping standards. All Contractors working for Rössing are subject to its Safety Standards and the Contractor must comply with these standards. The Contractor will be expected to comply with all of the Rössing's Health, Safety and Environmental Management systems and standards. All safety apparel as deemed necessary by Rössing shall be supplied by the Contractor.

**Please note: This is only a High Level scope of work to assist suppliers with the expression of interest. A detailed scope of work with all requirements and bill of quantities will be forwarded to interested suppliers after the closing date of the expression of interest.**
