

PACKING DIMENSION AND WEIGHT

- The Tenderer shall provide packing, dimensional and weight information for **all Goods included in the Pricing Schedule / Bill of Quantities**, including all associated components, accessories, commissioning spares, maintenance spares and other items forming part of the Tenderer's proposed supply (where applicable). To the best of the tenderer's knowledge.

For each item or package, the Tenderer shall provide, as a minimum:

- 1.1 Package type (Wooden Crate, pallet, carton or bundle);
 - 1.2 Number of packages;
 - 1.3 External packed dimensions (Length × Width × Height);
 - 1.4 Gross weight;
 - 1.5 Total packed volume in cubic metres (m³);
- The dimensions and weights provided shall be for the fully packed Goods as presented for transportation, including crates, pallets, skids, protective packaging and other packing materials.
 - Rössing Uranium Limited reserves the right to use the information provided in the Packing Dimensions and Weight Schedule for purposes of transport planning, freight evaluation, logistics planning, site receiving, storage planning and Total Cost of Ownership evaluation.

Package Type	Number of Package	L (m)	W (m)	H (m)	Gross kg	Volume m ³

Tenderer's Declaration

I hereby declare that the information provided in this Packing Dimensions and Weight Schedule is, to the best of my knowledge at the time of Tender submission. I acknowledge that the final packing configuration, dimensions and weights may vary where necessary due to manufacturing, packaging or transportation requirements.
